Dear Harold,

Enclosed find a memo I mailed out dated 10/17/68, with all attachments except the two issues of OpenCity, which I'm sure you already have.

Enclosed also find my letter to Ed Epstein dated 8/21/68, and a 9 page commentary on his New Yorker article dated August 21, 1968.

The first item, with all atchments, was mailed out to about 65-70 people between late October, and into November, as I was able to produce copies.

The second item referred to above (the Epstein letter and commentary) was included in the packet, if the person was following the case closely enough. About 30 were sent out.

In the next ten days, I will try to get off an answer to your last letter, of 12/2/68.

Sincerely yours,
David
